

Lew-Port Middle School Builders Club

Written by Bruno Scrufari, Builders Club Secretary and
Anisha Singh, Builders Club President

Over the last few months, Builders Club has already accomplished so much. In September, Builders Club worked at the Peach Festival Kiwanis Food Tent, the water station at Fort Niagara for the Mighty Niagara Half-Marathon, and the Fort Niagara Beach Sweep. In October, they helped Youngstown Recreation with their Halloween party, running games and judging costumes. In addition, they helped the Youngstown Library set up for their semi-annual book sale and organized a district wide coat drive. In November, Builders Club members organized a food drive to benefit the Ransomville Care-n-Share Food Pantry. Builders Club is working with the Asian Culture Club to make 1,000 paper origami cranes to send to a classroom in Japan as part of the World Peace Project. In December, Builders Club decorated a Christmas Tree that was auctioned at the middle school Winter Carnival. Builders Club organized the middle school "Box of Caring" toy collection and also helped Santa at the Youngstown Holiday in the Village. Builders Club continues its weekly recycling program and is happy to offer a brand new committee, the Plastic Film Recycling Project with details to follow. There are many more volunteer opportunities coming up for the new year as well.
