

Lewiston-Porter Central School District
Work Session/Regular Board of Education Meeting 10/05/2020
Transcript via Zoom Meeting

Riordan called the meeting to order with the pledge of allegiance. Allegiance was recited.

Moment of silence for the President and for the entire country.

Riordan moved to accept the agenda, seconded by Mullen. All in Favor, yes (6-0)

Mr. Casseri review of policy committee;

First Reads – annual review 7310-7360, added one change to 7313 Suspension of Students, added restorative practices.

Nick reviewed the 7320, no changes, following education law

No changes to the second reads from BOCES, all related to COVID-19.

We have several policies on hold, in review process with staff or smaller committees will be reviewing at the November Policy Review Committee.

Dr. Grupka – Claims Audit, all in good order, adding some new vendors, Amazon has been added, ordering COVID supplies, often times cheaper and available on Amazon.

Mr. Casseri – handed out my goals, draft form. I added the budget goal, because this year will be a difficult budget year and I felt that I need to have a specific goal on Budget.

Please review and take a look at the goals, any questions forward to Jodee and we will review when we meet on Thursday.

Huebschmann – I am glad to see a budget goal, and happy to see it there and glad you want to focus on it.

Mr. Casseri – Our NOSBA meeting went very well. Saturday morning, Jacobs was late to the call, had wished he could have been there at the beginning as we laid out our needs. Thought it went well, the extent it makes a difference I don't know.

Riordan – The data provided to the elected officials what a 20% cut looks like. Morrinello wants to know from each district the Pre-K, how many families will be affected if they cut Pre-K.

It ended in a positive – both sides, I hope it gets to the legislative – positive and help everyone get what they need. This pandemic has brought everyone together, the local superintendents and the local boards. When this crisis is over my hope is that we would remain collaborative.

Mr. Casseri – 2 stimulus packages on the table, but we may not get it from NYS.

Goal 3 is a good goal and I hope I can meet that goal in a positive way.

Riordan – review of the voting delegate. Warrick – I will be the delegate if no one wants to do it.

Riordan – reviews each NYSBBA resolution to review with the board members/
