# Board Notes

Monday, July 29, 2024

## General

- Summer cleaning is well underway and the hallways are quite full from all the items from the classrooms that are being cleaned and waxed, but it appears that the custodians are making great headway. We will continue to adapt as necessary and hopefully be ready for 6th grade orientation on August 21.

## Past Events

- The 8th Grade Moving up Celebration on June 23 was a great success! A huge “Thank you” the entire 8th grade team but especially to Nina Calarco and Liz Buck for their work in putting together our program. Thank you to our PTSA who provided a light breakfast and assisted in this memorable experience for our students.
  - Just a reminder that grade reports were NOT sent home. Parents have been given information regarding access to the Parent Portal in Powerschool and how to access grades and report cards. Grades can be accessed in real time and anyone that needs assistance setting up an account is encouraged to contact the guidance office. If there is any parent that would like a printed report card, they just need to contact the guidance office and we will gladly send them one.
  - Summer school started on July 8 for students who had a failing average for the cumulative 4 quarters were recommended for summer school. We have 6 students who have been recommended for summer school and are attending to work on gaining course credit in the subjects that they did not pass. We worked closely with the parents well before final exams to make sure they were not “surprised” by the final results. The following is a breakdown of numbers: **Grade 6 - 0    Grade 7 - 2    Grade 8 - 4**
  - We are super excited to be hosting the first **National Inventors Hall of Fame STEM Summer Camp** at Lewiston Porter Middle School this year! Starting on July 22, we have over 60 students joining us which is a fantastic turnout for our first year doing this. Here is a link with more information about the camp: [National Inventors Hall of Fame STEM Camp Invention](#). The camp staff includes *Amy Golden-Camp Director, Maria Dunets-Instructor, Linda Napolitano-Instructor, Kevin Bovanizer-Instructor and Hope Wright-Instructor*. There will also be Leadership Interns. These are older middle and high school students. They will be helping at the camp as well as earning community service hours for their work during the program: *Will Wright, Maya Golden, Theodore Fanizzi, Amelia Fanizzi, Angelo Dunets, Luca Dunets, Emma Turner, Hersch Ahuja, Nick Napolitano, Cadence Fetzner*.
  - The first day of 8th Grade Innovation Experience Summer Workshop was on Friday July 12th. Students will be meeting in the middle school library again on August 22nd from 9:00 am until noon. Ms. Calarco and Ms. Melanie Kitchen will be working with students to get them ready for next steps in the process for those students who will be participating throughout the 24-25 school year. If you are not familiar with Melanie, she is our liaison through Erie 1 BOCES and has been working with our school for quite a few years. Her expertise is in peer to peer and project based learning strategies. She has been integral in our implementation of the Innovation Experience implementation here at the Middle School. Throughout the year, students in Innovation Experience will be meeting with Ms. Calarco on a rotating basis during period 1 and period 6 and Ms. Kitchen will be providing continued support.
-

## Future Events

- The Master schedule is ready to roll over! We are still looking at the numbers to balance sections, as necessary, but it is a great feeling to know we are ready to roll! Rachel and the entire guidance office team, Brendan, Kate and Ellen, did a great job of getting as much student info into the system as possible prior to the end of the school year so that we can begin to run loads and be prepared for the data roll over.
- At this moment in time, we have the following personnel changes for the upcoming year:

### **New to the District**

- ★ Kait Rudney - 8th Grade ELA
- ★ Jaclyn Stickney - .2 Physical/.8 Building Based Substitute
- ★ TBD - Living Environment/8th Grade Science

### **New to the Middle School**

- ★ Justin Higner - Cleaner
- ★ Sue Myers - Full Time Monitor
- ★ TBD - Lunch Monitor

### **Position Shifts in the Middle School**

- ★ Annette Rayome- Returns to Reading Intervention
  - ★ Nina Calarco - Math Intervention
  - ★ Emily LaGamba - Algebra/8th Grade Math
  - ★ Michelle Ellis - Spanish (Shared with HS)
  - ★ Shuping (Rachel) Song - Chinese
  - ★ Joe Lauzonis - Moving back to the HS which reduces one section of 6th Grade.
  - ★ Joe Conti - 7th Grade Social Studies and is shared with HS for one period
  - ★ Pat Krawczyk - Shared Physical Education with HS for period 5 and Period 9.
  - ★ Derek Tracey - Split for MS Health Grade 7 and Grade 8. He will cover Grade 6 Physical Education when Pat is at HS.
- Our new group of WEB 8th grade leaders will be coming in for training on August 19 and August 20 from 9am - 2pm. We will then have our 6th Orientation on August 21 for the incoming 6th grade students.
  - **September 3** - First day of school
    - We had a really good year last year in regards to our implementation of the social emotional learning time that we called CREW. As part of our ongoing focus on strengthening relationships and maintaining the focus on Social/Emotional well being, our group of teachers called the CREW Crew have come up with a plan for the first day of school. The first day of school, September 3, will look different in that students will start the day and spend the day with their CREW teacher rather than a typical homeroom teacher. The day will run just like last year's First September Crew day (with a community gathering, Lancer round table, game rotations, and more). Holding this gathering on the first day of school will better allow us to set expectations for the building. We are excited to try this and really set the tone for students to create a foundation for relationships to start the year.
  - **August 19 & 20 - WEB Leader training**
  - **August 21 - 6th grade student Orientation**
  - **August 29 - First Day for Teachers**
  - **September 3 - First Day of School**
  - **September 5 - Open House (ALL Grades 6-8)**

Hope you are having a great summer! Please let me know if you have any questions. Andy

## **Class of 1974: 50 Year Reunion:**

On July 12th, I had the pleasure of guiding a tour of the High School to the Class of 1974. The class was meeting as part of their 50th High School Reunion. I had an awesome time showing them the current High School while listening to their remarkable stories of their own experiences.

**Tradition Never Graduates.**
