SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION**I. TITLE IX NOTICE OF NON-DISCRIMINATION**

In compliance with Title IX of the Education Amendments of 1972, the **Lewiston-Porter Central** School District (“the District”) does not discriminate on the basis of sex in the educational programs or activities it operates, including employment and admissions, and it is required by Title IX and its attendant regulations not to discriminate in such a manner. All forms of sex-based discrimination, including sexual harassment, are strictly prohibited by the District. Inquiries regarding Title IX may be referred to the Title IX Coordinator(s) or to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

II. TITLE IX SEXUAL HARASSMENT POLICY

While all forms of sex-based discrimination are prohibited in the District, the primary purpose of this policy is to address *sexual harassment as defined in Title IX and its attendant regulations* that occurs within an education program or activity of the District, and to provide a grievance process for investigating and reaching a final determination regarding responsibility for a formal complaint of sexual harassment. The Title IX Grievance Process (“Grievance Process”) is set forth below in **Section IV Grievance Process, on page 11**. While the District must and will respond to all reports it receives of sex discrimination or sexual harassment, the Grievance Process herein is initiated only with the filing of a formal complaint which alleges sexual harassment in violation of Title IX. Please refer to the definitions below in Section II.A for an explanation of what constitutes a formal complaint of sexual harassment.

The Superintendent shall have overall responsibility for implementing this Policy, and shall annually appoint at least one Title IX Coordinator as that position is described in Section II.B below. Below please find contact information for the District’s Title IX Coordinator(s):

Title IX Coordinator(s)

1. Dr. Patricia Grupka, Assistant Superintendent for Administrative Services, pgrupka@lew-port.com, 716.286.7240
2. Dr. Heather Lyon, Assistant Superintendent for Curriculum, Instruction and Technology, hlyon@lew-port.com, 716.286-7244

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

A. Definitions

“Actual knowledge” – notice of sexual harassment or allegations of sexual harassment to the Title IX Coordinator or to any District official with authority to institute corrective measures on behalf of the District, or to any District employee (other than a “Respondent” or alleged harasser).

“Complainant” – an individual who is alleged to be the victim of conduct that could constitute sexual harassment, whether or not that person files a report or formal complaint.

“Days” – all references to “days” shall mean calendar days unless otherwise specified. If a deadline falls on a weekend or holiday, the deadline shall be extended to the next regular business day.

“Decision-Maker” – the person tasked with the responsibility of making determinations regarding responsibility. The Superintendent of Schools shall be responsible for designating the Decision-Maker on a case-by-case basis, in consultation with the Title IX Coordinator. Neither the investigator nor the Title IX Coordinator may serve as the Decision-Maker.

“Determination regarding responsibility” – the formal finding by the Decision-Maker on each allegation of sexual harassment contained in a formal Complaint that the Respondent did or did not engage in conduct constituting sexual harassment under Title IX.

“Education program(s) or activity(ies)” – refers to locations, events or circumstances over which the District exercises substantial control over both the Respondent and the context in which the sexual harassment occurs.

“Formal Complaint” – a document filed by a Complainant, the Complainant’s parent/guardian, or the Title IX Coordinator, alleging sexual harassment against a Respondent, and requesting that the District investigate the allegation of sexual harassment. The phrase “document filed by a Complainant” includes the complaint form **on the website**, or a document or electronic submission that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the formal complaint.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

“Respondent” – an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual Harassment” – conduct on the basis of sex (including, without limitation, gender, sexual orientation and/or gender identity) that occurs in the District’s education programs or activities that satisfies one or more of the following:

- (1) An employee of the District conditioning the provision of an aid, benefit, or service of an education program or activity on an individual’s participation or refusal to participate in sexual conduct irrespective of whether the conduct is welcomed by the student or other employee (i.e. *quid pro quo* sexual harassment);
- (2) Unwelcome sex-based/related conduct determined by a reasonable person to be so severe, pervasive **and** objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
- (3) Sexual assault, dating violence, domestic violence, or stalking as defined in state or federal law (*see e.g.* 20 U.S.C. § 1092(f)(6)(A)(v); 34 U.S.C. § 12291(a)(10); 34 U.S.C. § 12291(a)(8); 34 U.S.C. § 12291(a)(30)).

Sexual harassment may be directed against a particular person or persons, or a group, whether of the opposite sex or the same sex. The context of behavior can make a difference between conduct falling within the technical definition of sexual harassment under Title IX, and conduct of a sexual nature that is offensive or hostile in itself but which does not rise to the level defined above. District policies prohibit both, but for purposes of its Title IX obligations, the District must address reports or complaints of conduct which may constitute sexual harassment as defined above in accordance with this Policy and the grievance procedures set forth herein. Unless otherwise specified, all references to “sexual harassment” in this Policy refer to sexual harassment as defined above. Please note, however, that conduct that otherwise satisfies that definition does not fall within the scope of this particular Policy if the conduct occurred (1) outside the United States or (2) under circumstances in which the District did not have substantial control over both the harasser/Respondent and the context in which the harassment occurred.

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

“Supportive Measures” – non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Supportive measures are designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment. Examples may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, leaves of absence, mutual restrictions on contact between the parties, and other similar measures.

"Title IX" of the Educational Amendments of 1972 - No person in the United States shall on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. Sex discrimination under Title IX includes sexual harassment and sexual violence

B. Title IX Coordinator

The Title IX Coordinator shall be responsible for coordinating the District’s efforts to comply with its responsibilities under Title IX. In this regard, the Title IX Coordinator shall receive general reports and formal complaints reports of sexual harassment (as well as other forms of sex discrimination), and shall coordinate the District’s responses to such reports or complaints so that the same are prompt and equitable. In addition to any other specific responsibilities assigned under this Policy, or as assigned by the Superintendent, the Title IX Coordinator will be responsible for:

1. Identification and implementation of supportive measures;
2. Signing or receiving formal complaints of sexual harassment;
3. Coordinating with District and school-level personnel to facilitate and assure implementation of investigations, and remedies, and helping to assure that the District otherwise meets its obligations associated with reports and formal complaints of sexual harassment;
4. Coordinating with the Superintendent with respect to assignment of persons to fulfill the District’s obligations, both general and case specific, relative to this Policy (e.g., investigator, Decision-Maker, etc., which may involve the retention of outside counsel or other third party personnel);
5. Coordinating with District and school-level personnel to assure appropriate training and professional development of employees and others in accordance with Section II.C of this Policy; and
6. Helping to ensure that appropriate records are kept and maintained in connection with this Policy.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

In cases where the Title IX Coordinator is unavailable, including unavailability due to a conflict of interest or other disqualifying reason, the Superintendent shall assure that another person with the appropriate training and qualifications is appointed as acting Title IX Coordinator for that case. In such instances, “Title IX Coordinator” shall include the acting Title IX Coordinator.

C. Training

All District employees shall receive training relative to mandatory reporting obligations, and any other responsibilities they may have relative to this Policy.

Title IX Coordinators, investigators, Decision-Makers, any individuals who decide appeals or who facilitate an informal resolution process, must receive training on:

- The definition of sexual harassment;
- The scope of the District’s education program or activity;
- How to conduct an investigation and the Grievance Process, including appeals and the informal resolution process, as applicable; and
- How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest and bias.

Decision-Makers, including individuals who decide appeals, must also receive training on issues of relevance of questions and evidence, including when questions about the Complainant’s sexual predisposition or prior sexual behavior are not relevant.

Also, investigators must receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Materials used to train Title IX Coordinators, investigators, Decision-Makers, individuals who decide appeals and individuals who facilitate an informal resolution process must not rely on sex stereotypes, must promote impartial investigations and adjudications of formal complaints of sexual harassment. The training materials for the individuals identified in this paragraph shall be made publicly available on the District’s website.

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

D. Confidentiality

The District will respect the confidentiality of a Complainant and Respondent as much as possible, however, some information may need to be disclosed to appropriate individuals or authorities. All disclosures shall be consistent with the District's legal obligations and the necessity to investigate allegations of sexual harassment and take appropriate action in response thereto. Examples of required disclosures include:

1. Information to either party to the extent necessary to provide the parties due process during the Grievance Process;
2. Information to individuals who are responsible for handling the District's investigation and determination regarding responsibility to the extent necessary to complete the District's Grievance Process;
3. Mandatory reports of child abuse or neglect; and
4. Information to the Complainant's and the Respondent's parent/guardian as required by this Policy and/or the Family Educational Rights and Privacy Act ("FERPA").

Additionally, any supportive measures offered to the Complainant or the Respondent shall remain confidential to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures.

Except as specified above, the District shall keep confidential to the extent permitted by law the identity of (1) any individual who has made a report or complaint of sex discrimination or sexual harassment; (2) any Complainant or Respondent; (3) any individual who has been reported to be the perpetrator of sex discrimination; and (4) any witness.

E. Retaliation Prohibited

Retaliation against any person who makes a report or complaint, or against any person who assists, participates, or refuses to participate in any investigation of an act alleged in this Policy is strictly prohibited. The District further prohibits any other intimidation, threats, coercion or discrimination against anyone for the purpose of interfering with any right or privilege secured by Title IX. Charging an individual with Code of Conduct violations that arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, also constitutes retaliation and is strictly prohibited.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

However, charging an individual with a violation of the Code of Conduct or other applicable policy or rule for making a materially false statement in bad faith, or for submitting materially false information in bad faith, in the course of a grievance proceeding does not constitute retaliation. Please note that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Complaints of retaliation in connection with this Policy will be handled in accordance with District Policy 6432, **Whistleblower Policy**. Individuals who are found to have engaged in retaliation may be subject to disciplinary action.

F. Conflict of Interest

No person designated as a Title IX Coordinator, investigator, Decision-Maker, nor any person designated by the District to facilitate an informal resolution process, may have a conflict of interest or bias for or against Complainants or Respondents generally, or against an individual Complainant or Respondent.

G. Dissemination and Notice

The District shall publish on its website this Policy, and shall prominently display on its website the contact information for the Title IX Coordinator(s) and the Title IX Notice of Non-Discrimination (*see* Section I, above). The District shall also publish that information in any student or employee handbooks that it may produce. The District shall take any other steps that may be necessary in order to notify students, parents or legal guardians of students, employees, applicants for admission or employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this Policy, the Title IX Coordinator's contact information and the District's notice of non-discrimination.

II. COMPLAINTS OF SEX DISCRIMINATION OTHER THAN SEXUAL HARASSMENT

Any individual seeking to report allegations of sex discrimination other than sexual harassment is encouraged to file a formal complaint form with the Title IX Coordinator, or contact the Title IX Coordinator. A copy of the formal complaint form is **on the website**. For discriminatory or harassing conduct which does not meet the definition of sexual harassment under this Policy, the District's response will be governed by other applicable laws and policies, such as Board Policy **3420, Non-Discrimination and Anti-Harassment in the District; 6121, Sexual Harassment in the Workplace; 7550, Dignity for All Students; District Code of Conduct.**

All reports or complaints of sex discrimination, including sexual harassment, are encouraged to be submitted to the Title IX Coordinator, who will determine the applicable process through which the allegations will be handled.

III. REPORTS OF SEXUAL HARASSMENT, FORMAL COMPLAINTS AND DISTRICT RESPONSES

Please note that a report does not initiate the Grievance Process. That process is begun only upon the filing of a formal complaint, as explained further below.

Any person may report sexual harassment whether relating to her/himself or another person. **However, if any District employee – other than the employee harasser, or the Title IX Coordinator – reasonably believes a student has been discriminated against based on sex or who receives information of conduct which may constitute sexual harassment under this Policy, he/she shall immediately inform the Title IX Coordinator** of the alleged sexual harassment. Failure to report will subject the employee to discipline up to and including dismissal.

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

A report of sexual harassment may be made at any time, in person, by mail, by telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Additionally, while the District encourages reports of sexual harassment to be made directly to the Title IX Coordinator, the report may be made to any District staff member, including, for instance, a guidance counselor, teacher or principal.

If a Title IX Coordinator is the alleged Respondent, the report or formal complaint may be made to a different Title IX Coordinator if the District has designated more than one Title IX Coordinator, or directly to the Superintendent, who shall thereafter fulfill the functions of the Title IX Coordinator regarding that report/complaint, or delegate the function to another person.

A. District Response to Report of Sexual Harassment

The District will promptly respond when there is actual knowledge of sexual harassment, even if a formal complaint has not been filed. The District shall treat Complainants and Respondents equitably by offering supportive measures to the Complainant¹ and by following the Grievance Process prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a Respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

As soon as reasonably possible after receiving a report of alleged sexual harassment from another District employee or after receiving a report directly through any means, the Title IX Coordinator shall contact the Complainant to:

- Discuss the availability of and offer supportive measures, as well as inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint;
- Consider the Complainant's wishes with respect to supportive measures; and
- Explain to the Complainant the process for filing a formal complaint.

B. Formal Complaints and Disciplinary Action

Pursuant to federal regulations and this Policy, a formal complaint that contains an allegation of sexual harassment and a request that the District investigate the allegations is required before the District may conduct a formal investigation of sexual harassment or take any action (other than supportive measures) against a person accused of sexual harassment. Once a formal complaint of sexual harassment is received by the Title IX Coordinator, he/she shall commence the Grievance

Continued

¹ [REMOVE] The Title IX Coordinator may offer supportive measures to a Complainant, even if the information from the Complainant does/does not appear to meet the full definition of sexual harassment under this Policy. Districts are encouraged to consult with legal counsel before "imposing" any supportive measures against a Respondent.

Process set forth below in Section IV. The process for filing a formal complaint is explained below in Section IV.A. If a formal complaint is filed, no disciplinary action may be imposed against a Respondent for conduct which may constitute sexual harassment until the Grievance Process has been completed. If no formal complaint is filed, no disciplinary action may be imposed against a Respondent based upon conduct that would constitute sexual harassment under this Policy.

C. Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the Title IX Coordinator (or other District official charged with a specific function under this Policy or applicable regulations, such as the investigator or Decision-Maker, for example) may request the Superintendent to direct that an individualized safety and risk analysis be performed to determine whether a Respondent student is an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment. In the event that the safety and risk analysis determines that the Respondent student does present such a threat and removal is therefore justified, the District may remove the Respondent student on an emergency basis, provided that such removal is in full compliance with the IDEA, a student's IEP and or 504 plan if applicable. Such emergency removal shall not be disciplinary. However, the District must provide the Respondent with notice and an opportunity to challenge the decision immediately following the removal, and shall continue to offer educational programming until a final determination is made pursuant to the Grievance Process.

The Title IX Coordinator shall keep the Superintendent of Schools informed of any employee Respondents so that he/she can make any necessary reports to the New York State Education Department. In appropriate cases, the Superintendent may place an employee Respondent on non-disciplinary administrative leave until a final determination on responsibility is made pursuant to the Grievance Process.

IV. GRIEVANCE PROCESS

PURPOSE: The purpose of these procedures is to secure prompt and equitable resolutions of formal complaints of sexual harassment, and to treat both Complainants and Respondents equitably in the process. **These procedures apply only to formal complaints alleging sexual harassment prohibited by Title IX.** Upon receipt of a formal complaint of sexual harassment, the Title IX Coordinator will coordinate the District's efforts to comply with its responsibilities

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

related to the Grievance Process. These procedures shall be followed prior to the imposition of any disciplinary sanctions or other actions that are not supportive measures against the Respondent unless otherwise noted herein.

A. Process for Filing a Formal Complaint of Sexual Harassment

The Title IX Grievance Process is initiated by way of a formal complaint filed by the Complainant, the Complainant's parent/guardian, or the Title IX Coordinator. A formal complaint should be filed with the Title IX Coordinator. The Complainant may file a formal complaint or choose not to file a formal complaint and simply receive the supportive measures. If the Complainant does not file a formal complaint, the Title IX Coordinator may sign a formal complaint, but only if initiating the Grievance Process against the Respondent is not clearly unreasonable in light of the known circumstances, or in other cases where, in the exercise of good judgment, the Title IX Coordinator determines that a Grievance Process is necessary to comply with the obligation not to be deliberately indifferent to known allegations of sexual harassment. If the formal complaint is filed by the Title IX Coordinator, he/she is not a party to the action, and the District must comply with all of the provisions of the Title IX Grievance Process relative to Respondents and Complainants.

Although there is no time limit *per se* to filing a formal complaint, **a Complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing.** Delays in reporting may significantly impair the ability of school officials to investigate and respond to the allegations.

At a minimum, a formal complaint must:

1. contain the name and address of the Complainant;
2. describe the alleged sexual harassment;
3. request an investigation of the matter; and
4. be signed by the Complainant or otherwise indicate that the Complainant is the person filing the formal complaint.

The formal complaint may be filed with the Title IX coordinator in person, by mail, or by email. A complaint form is **on the website** and may be obtained from the Title IX Coordinator or on the District's website. A written narrative may be attached to the complaint form explaining the nature of the formal complaint. The complaint form or narrative should contain information that describes the conduct and identifies with reasonable particularity the Complainant(s), the Respondent(s), and any witness(es) to the alleged conduct.

B. Initial Steps and Notice of Formal Complaint

Following receipt of a formal complaint:

1. The Title IX Coordinator will provide notice to the Complainant and to the Respondent (if known), as well as to any other known parties, of the following:
 - a. this Grievance Process, including any informal resolution process;
 - b. the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. “Sufficient details” shall include to the extent known identities of persons involved, the conduct allegedly constituting sexual harassment, and the date and location of the incident(s);
 - c. a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the Grievance Process;
 - d. that each party has the right to have an advisor of his or her choice who may be, but is not required to be, an attorney;
 - e. that each party is entitled to inspect and review evidence; and
 - f. any provisions in the District’s Code of Conduct or other applicable District policies, rules or collective bargaining agreements that prohibit knowingly making false statements or knowingly submitting false information in the course of the grievance procedures.
2. The Title IX Coordinator will contact the Complainant to discuss and offer supportive measures as appropriate.
3. The Title IX Coordinator may contact the Respondent to discuss, and/or impose, non-disciplinary supportive measures.
4. The Title IX Coordinator will examine the allegations in the formal complaint to determine whether the allegations, if assumed to be true, are sufficient to sustain a finding of sexual harassment under this Policy.
 - a. If the Title IX Coordinator was not involved with preparing the formal complaint, the Title IX Coordinator will contact the Complainant to discuss the allegations in the formal complaint and whether amendment is appropriate. In the event that amendment is appropriate, the Title IX Coordinator shall immediately provide notice of the additional allegations to the parties whose identities are known.
 - b. If the allegations set forth in the formal complaint are insufficient to sustain a finding of sexual harassment under this Policy, the complaint shall be dismissed. Please refer to Section IV.H, below, for additional details regarding dismissal, including additional grounds on which a formal complaint must/may be dismissed.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

5. If the formal complaint is not dismissed, then the Title IX Coordinator will consult with the Superintendent with regard to designating an appropriate investigator and Decision-Maker, both of whom must be properly training and otherwise qualified.

C. Miscellaneous Provisions

1. Copies and Notices. Except as specifically stated elsewhere in this Policy, for any document, information or material required to be delivered to a party or to a person assigned with responsibility under the Grievance Process, the manner of transmittal may be by hand delivery, electronic mail, regular mail or such other manner reasonably calculated to assure prompt delivery with evidence thereof. However, hand delivery to the District will only be permitted if made to the District official charged with the specific function under this Policy (e.g., Title IX Coordinator, Superintendent, investigator, Decision-Maker(s), etc.).
2. Legal Privileges. Nothing in the Grievance Process shall require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege (e.g. medical records, attorney-client privileged information, etc.), unless the person or entity holding such privilege has waived the privilege.
3. Additional Allegations. If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that were not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known
4. Consolidation of Complaints. The District may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one Respondent; or by more than one Complainant against one or more Respondents; or by one party against the other party. When the District has consolidated formal complaints so that the Grievance Process involves more than one Complainant or more than one Respondent, references to the singular “party”, “Complainant”, or “Respondent” include the plural, as applicable.

D. Timeframe of Grievance Process

The District shall make a good faith effort to conduct a fair, impartial grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is expected that in most cases, the Grievance Process will be concluded through at least the determination regarding responsibility within ninety (90) **calendar** days after filing the formal complaint. In more complex cases, where a determination regarding responsibility cannot reasonably be made within that time frame, additional time may be required in order to complete a fair and thorough investigation, or to complete other aspects of the Grievance Process.

Delays and Extensions of Time. At any stage of the Grievance Process, the District may for good cause allow for temporary delays or extensions of time upon request of either party, or on its own initiative. Examples of good cause may include such things as availability of parties or witnesses; school or school administrative office holidays or vacations; school recess periods; referral back to an earlier stage of the grievance process; concurrent law enforcement or other agency activity; or need to obtain interpreters or accommodation of disabilities. For any such delay or extension of time, the Title IX Coordinator, Superintendent or any other individual appointed to play a role in the Grievance Process will provide written notice to the parties of the delay/extension and the reason(s).

E. Investigation

The Title IX Coordinator will coordinate the investigation in accordance with his or her duties as Title IX Coordinator. The investigator designated by the District shall conduct the investigation. The investigator may but is not required to be a District employee so long as the investigator is appropriately trained and does not have a conflict of interest or other bias prohibited by this Policy. The investigation shall include the following:

1. An objective evaluation of all relevant evidence, including inculpatory and exculpatory evidence, and shall not make credibility determinations based on a person's status as a Complainant, Respondent or witness;
2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on either of the parties;

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

3. Provide an equal opportunity for the parties to present witnesses and other inculpatory and exculpatory evidence, and not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
4. Provide the parties with the same opportunities to have others present during any interview or other part of the investigation, including the opportunity to be accompanied by an advisor of their choice. However, the District, including the investigator, may establish restrictions regarding the extent to which an advisor may participate in the proceedings as long as the restrictions apply equally to both parties.
5. Provide, to a party (e.g., Respondent or Complainant, and parent/guardian as appropriate) whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.
6. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, regardless of whether the evidence may or may not be relied upon in reaching a determination regarding responsibility.
7. Prior to completion of the investigative report, the District, through the Title IX Coordinator, must send to each party as well as each party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties shall have (10) days **calendar** from transmission of same to submit a written response, which the investigator will consider prior to completion of the investigative report.
8. The investigator must prepare a written investigative report that:
 - a. Fairly summarizes relevant evidence;
 - b. Identifies allegations potentially constituting sexual harassment;
 - c. Describes the procedural steps taken from receipt of the formal complaint through the preparation of the investigative report, including notifications to the parties, interviews with parties and witnesses, site visits and any methods used to gather other evidence; and
 - d. Addresses any witness credibility issues, if applicable.
9. The completed investigative report shall be provided in hard copy or electronic format to the Title IX Coordinator, to each party and each party's advisor, if any, and to the Decision-Maker. The Title IX Coordinator shall ensure that the report is provided to the appropriate individuals. In transmitting the report to the parties and their advisors, if any, the parties shall be notified in writing that they have ten (10) **calendar** days from the date on which the report is transmitted to:

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

- a. submit a written response to the report, if they desire;
- b. submit written, relevant questions that the party wants asked of any party or witness, if they desire; and
- c. that any such written response or relevant questions must be sent directly to the Decision-Maker, along with the Decision-Maker's contact information.

F. Determination Regarding Responsibility and Decision-Maker

The determination regarding responsibility of Respondent shall be made by the Decision-Maker. In addition to allowing the parties an opportunity to submit a written response to the investigation report as well as relevant questions, per the above, the Decision-Maker shall adhere to the following in rendering a determination regarding responsibility:

1. In event the Decision-Maker decides to exclude a question posed by a party as not relevant, the Decision-Maker must explain that decision to the party.
2. The Decision-Maker will provide the relevant questions to the party/witness, with copies to each party, and shall provide at least five (5) **calendar** days for written responses, which responses shall be provided to each party.
3. After the parties have received responses to their initial questions, the Decision-Maker will provide five (5) **calendar** days for additional, limited follow-up questions and five (5) **calendar** days for written responses to same. The Decision-Maker may but is not required to provide for additional rounds of follow-up questions, as long as the provision is extended to both parties equally.
4. The Decision-Maker may not make any credibility determinations based on the person's status as a Complainant, Respondent or witness. The Respondent must be deemed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
5. In rendering his or her determination regarding responsibility, the Decision-Maker shall apply a preponderance of evidence standard, which requires evidence establishing that it is more likely than not that Respondent engaged in sexual harassment in violation of this Policy.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

6. The Decision-Maker shall issue a written determination regarding responsibility within fifteen (15) **business** days after the close of the period for responses to the last round of follow-up questions. The written determination must include:
 - a. Identification of the allegations potentially constituting sexual harassment;
 - b. A description of the procedural steps taken from the receipt of the formal complaint through the determination regarding responsibility, including any notifications to the parties, interviews with parties and witnesses, site visits and methods used to gather evidence;
 - c. Findings of fact supporting the determination;
 - d. Conclusions regarding the application of the District's Code of Conduct or other policies, rules or regulations to the facts;
 - e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility (i.e., whether or not the Respondent is responsible for sexual harassment); any disciplinary sanctions or remedies that are imposed or that are recommended to be imposed; and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to Complainant; and
 - f. The District's procedures and permissible bases for Complainant or Respondent to appeal (*see* Section IV.I, below).
7. The Decision Maker shall provide his or her determination regarding responsibility to the Title IX Coordinator, the Superintendent and the parties simultaneously.
8. The determination regarding responsibility shall become final on the date on which an appeal would no longer be considered timely, or if an appeal is timely filed, when the District provides the parties with the written determination of the result of the appeal.

G. Remedies Upon Final Determination Regarding Responsibility

1. Remedies must be designed to restore or preserve equal access to the District's education program or activity. Remedies may include supportive measures and/or disciplinary sanctions, as appropriate under the circumstances.
2. Disciplinary sanctions against an employee Respondent may include any sanction available for the discipline of employees, up to and including dismissal, in accordance with any applicable collective bargaining agreement as well as any applicable state or federal laws or regulations.
3. Disciplinary sanctions against a student may include any available discipline or sanction, up to and including expulsion, pursuant to the District's Code of Conduct and any other applicable policies or rules, and in accordance with any applicable state or federal laws or regulations.

H. Dismissal of a Formal Complaint

1. The District must dismiss a formal complaint with regard to Title IX sexual harassment if the alleged conduct:
 - a. Does not fall within the scope of this policy (e.g. the allegations do not constitute sexual harassment as defined herein), even if proved;
 - b. Did not occur in the District's education program or activity; or
 - c. Did not occur against a person in the United States.
2. The District may dismiss a formal complaint with regard to Title IX sexual harassment if at any time during the investigation or determination regarding responsibility stage(s):
 - a. A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations therein;
 - b. The Respondent is no longer enrolled or employed by the District; or
 - c. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination regarding responsibility as to the formal complaint or allegations therein.
3. Prior to dismissal of a formal complaint, the person responsible at that stage shall consult with the Superintendent.
4. Upon dismissal of a formal complaint, the District must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.
5. NOTE: The dismissal of a formal complaint under Title IX does not preclude the District from continuing any investigation or taking action under other applicable policies, rules or Code of Conduct of the District. In some cases, the District may have an obligation to continue an investigation and proceed under a different policy or mandated process.

I. Appeals Process

1. Complainant(s) or Respondent(s) may appeal from a determination regarding responsibility, or from a dismissal of a formal complaint or any allegations therein, on the following bases only:
 - a. Procedural irregularity that affected the outcome of the matter;
 - b. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
 - c. The Title IX Coordinator, investigator, or Decision-Maker had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.
2. Appeals for any other reason, or upon any determination regarding responsibility not included in the written appeal, will not be heard.

Continued

SUBJECT: TITLE IX POLICY AGAINST SEXUAL HARASSMENT AND SEX DISCRIMINATION

3. An appeal must be filed within seven (7) **calendar** days from the date on which the determination regarding responsibility is transmitted to the parties. An appeal must be submitted in writing to the Title IX Coordinator, with a copy to the Superintendent of Schools, and shall state with particularity the basis(es) for the appeal as well as all information and evidence in support of the basis(es) identified. Appellants should include with the appeal any documentary or electronic evidence in support of the appeal. Any supportive measures shall remain in place during the pendency of an appeal unless a change in circumstances warrant modifications to those measures.
4. Following receipt of the appeal, the Title IX Coordinator shall notify all parties in writing of the appeal, any deadlines associated with the appeal process, and the individual who will decide the appeal (i.e. the Superintendent or a member of the District's Administration who is not the Title IX Coordinator, investigator or Decision-Maker, who does not have a conflict of interest, and who underwent the training specified in this Policy). The non-appealing party(ies) shall also be provided a copy of the appeal and any information submitted in connection with the appeal.
5. Either party may submit a written statement in response to the appeal, whether in support of or challenging the outcome. Any such written statement must be received by the Title IX Coordinator, with a copy to the individual who will decide the appeal, within seven (7) **calendar** days from the date on which the appeal was transmitted to the non-appealing party(ies). Each party which submits a written statement shall simultaneously provide a copy to the other party(ies) and to the Title IX Coordinator.
6. The individual who will decide the appeal, in rendering a decision on the appeal, shall consider the record as well as any statements or information submitted by the parties in connection with the appeal.
7. The individual who will decide the appeal shall issue a written decision within ten (10) **business** days after the deadline for either party to submit a written statement in response to the appeal. The written decision shall describe the result of the appeal and the rationale. The decision may deny or grant the appeal, in whole or in part, and may but is not required to refer an appealed issue back to a prior point in the Grievance Process, if appropriate under the circumstances. The written decision shall be provided to both parties as well as the Title IX Coordinator.

J. Informal Resolution

At any time prior to reaching a determination regarding responsibility, but only after a formal complaint has been filed, the District may offer an optional informal resolution process (e.g. mediation) that does not involve a full investigation and adjudication of the formal complaint. In order to do so, the District must:

1. Provide written notice to the parties disclosing:
 - a. The allegations of the formal complaint;
 - b. The requirements of the informal resolution process, including that the parties will be precluded from resuming a formal complaint arising from the same allegations in the event that an informal final resolution is agreed to during the informal resolution process, and that any party has the right to withdraw from the informal resolution process and resume the Grievance Process with respect to the formal complaint at any time prior to agreeing to an informal final resolution;
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
2. Obtain the parties' voluntary written consent to the informal resolution process.

In no event may the District offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

If the parties consent to the informal resolution process, the District will attempt to complete that process within thirty (30) **calendar** days. If at any point during the informal resolution process it is determined that the allegations are unlikely to be resolved, the District reserves the right to resume the Grievance Process.

Count of Immigrant Children and Youth, 2006

As a provision of the federal Title III Part A – English Language Acquisition, Language Enhancement, and Academic Achievement Act under the No Child Left Behind Act of 2001, the U.S. Secretary of Education requires that **all local agencies (LEAs)** count the number of "immigrant children and youth" enrolled in the public and nonpublic schools in the geographic area under the jurisdiction of, or served by, the LEA. The results of this count have important implications for the receipt of supplemental federal funds to eligible LEAs in New York State for services to recently arrived immigrant children and youth.

SUBJECT: IMMUNIZATION OF STUDENTS

Every child entering or attending a District school must present proof of immunization or proof of immunity by serology (blood test) if applicable unless a New York State licensed physician certifies that the immunization is detrimental to the child's health. The requirement for that immunization is waived until the immunization is no longer detrimental to the child's health

Except for this exemption, the District may not permit a child lacking evidence of immunization to remain in school for more than 14 days, or more than 30 days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

The administration will notify the local health authority of the name and address of excluded children and provide the parent or person in parental relation a statement of his or her duty regarding immunization as well as a consent form prescribed by the Commissioner of Health. The school will cooperate with the local health authorities to provide a time and place for the immunization of these children.

For homeless children, the enrolling school must immediately refer the parent or guardian of the child to the District's homeless liaison, who must assist them in obtaining the necessary immunizations, or immunization or medical records.

The District will provide an annual summary of compliance with immunization requirements to the Commissioner of Health.

All schools will also post educational information on influenza and the benefits of influenza immunization which will be in plain view and available to parents.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS

Administration of Medication

The school's registered professional nurse may administer medication to a student during the school day under certain conditions. For the purpose of this policy, the term "medication" includes both prescription and non-prescription medications. The school must receive the following before medication will be administered to a student:

- a) The original written order from the student's provider stating the name of the medication, precise dosage, frequency, and time of administration;
- b) A written, signed consent from the student's parent or person in parental relation requesting the administration of the medication, as prescribed by the physician, to the student in school; and
- c) The medication, properly labeled in its original container, must be delivered to the school health office by the student's parent or person in parental relation. The term "properly labeled," in the context of this policy, means that the container must include the following information: the student's name, name of medication, dosage, frequency, and prescribing physician. A student is not permitted to carry any medication on his or her person in school, or on the school bus, or keep any medication in his or her school locker(s). Exceptions may apply, however, for students diagnosed with asthma or other respiratory illnesses, diabetes, or allergies who will be permitted to carry and self-administer medication under certain conditions.

All medication orders must be reviewed annually by school health office personnel or whenever there is a change in dosage.

Students with Asthma or Other Respiratory Illnesses

Personal equipment used to deliver albuterol to a student will be cleaned and appropriately labeled with the student's name and used solely by that individual student. (Examples of equipment to be cleaned and labeled are nebulizer tubing, facemask, mouthpiece, spacer, etc.)

Self-Administration of Medication

Generally

Each student who is permitted to self-administer medication should have an emergency care plan on file with the District. Further, the school will maintain a record of all written parental consents in the student's cumulative health record.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS

School health office personnel will also maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization will be referred for counseling by school nursing personnel, as appropriate. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may determine the proper resolution of this behavior.

Students with Asthma or Another Respiratory Disease

A student will be permitted to carry and self-administer their prescribed inhaled rescue medication during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of asthma or other respiratory disease for which inhaled rescue medications are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthma; the student has demonstrated that he or she can self-administer the prescribed medication effectively; and the expiration date of the order, the name of the prescribed medication, the dose the student is to self-administer, times when the medication is to be self-administered, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra inhaled rescue medication in the care and custody of the school's registered professional nurse, nurse practitioner, physician assistant, or school physician.

Students with Allergies

A student will be permitted to carry and self-administer his or her prescribed EpiPen during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of an allergy for which an EpiPen is needed for the emergency treatment of allergic reactions; the student has demonstrated that he or she can self-administer the prescribed EpiPen effectively; and the expiration date of the order, the name of the medicine, the dose the student is to self-administer, and the circumstances which may warrant the use of the medication; and
- b) Written consent from the student's parent or person in parental relation.

A student will be permitted to carry and self-administer his or her prescribed insulin through an appropriate medication delivery device, carry glucagon, and carry and use equipment and supplies necessary to check blood glucose and/or ketone levels during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of diabetes for which insulin and glucagon through appropriate medication delivery devices, and the use of equipment and supplies to check blood glucose and/or ketone levels are necessary; the student has demonstrated that he or she can self-administer effectively, can self-check glucose or ketone levels independently, and can independently follow prescribed treatment orders; and the expiration date of the order, the name of the prescribed insulin or glucagon, the type of insulin delivery system, the dose of insulin and/or glucagon the student is to self-administer, times when the insulin and/or glucagon is to be self-administered, and the circumstances which may warrant administration by the student. The written permission must also identify the prescribed blood glucose and/or ketone test, the times testing is to be done, and any circumstances which warrant checking a blood glucose and/or ketone level.
- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain extra insulin, insulin delivery system, glucagon, blood glucose meter, and related supplies to treat the student's diabetes in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with diabetes will also be permitted to carry food, oral glucose, or other similar substances necessary to treat hypoglycemia in accordance with District policy.

The District will comply with relevant state laws, regulations, and guidelines governing the District's receipt, storage, and disposal of medication.

SUBJECT: STUDENT HEALTH RECORDS

The School shall keep a convenient, accurate, and up-to-date health record of every student. Insofar as the health records include confidential disclosures or findings, they shall be kept confidential.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' "education records." For Pre-K through grade 12 students, health records maintained by the School District, including immunization records and school nurse records, generally are considered "education records" subject to FERPA. In addition, records that the District or School maintains on special education students, including records on services provided to students under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA because they are:

- a) Directly related to a student;
- b) Maintained by the School or a party acting for the School; and
- c) Not excluded from the definition of "education records."

Since student health and medical information in education records is protected by FERPA, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule excludes such information from its coverage.

Generally, these records may not be shared with third parties without written parental consent unless the disclosure meets one of the exceptions to FERPA's general consent requirement. One exception permits the disclosure of education records, without parental consent, to appropriate parties in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Parents have a right under FERPA to inspect and review those health and medical records that are considered "education records" under FERPA. Individual records may be interpreted by the school's registered professional nurse to administrators, teachers and other school officials, consistent with law.

SUBJECT: PEDICULOSIS (HEAD LICE)

Few conditions seem to cause as much concern in schools and homes as an infestation of head lice in children. Students in the elementary grades (ages 3 through 10) are the most likely target hosts for these insect pests. Head lice do not respect socio-economic class distinctions and their presence does not indicate a lack of hygiene or personal cleanliness. Recent medical recommendations from both the American Association of Pediatrics (AAP) and the National Association of School Nurses (NASN) do not treat head lice as an illness that necessitates an absence from school and have shown that the contagion does not spread as easily as once thought. ~~Therefore, the Board does not condone the absence of students from school for unnecessary reasons and considers head lice an unnecessary absence that impedes a student's educational progress, subject to the following:~~

In order to control infestations of head lice (Pediculosis), the Board has adopted the following protocols:

- a) Whenever there is a possibility that a student is infested with active lice, staff will contact the student's parents. An infested student will not return to school unless corrective treatment has been given and the student is free of active lice. Current treatment protocols make this possible in less than twenty-four (24) hours. School nurses will check the heads of any close contacts and siblings of the student with active head lice.
- b) A student who has been infested will be readmitted to school after successfully completing an examination by the school nurse. Following readmission, the school nurse may conduct periodic inspections of the student's scalp to ensure that it is free of active lice.
- c) School staff will work with parents to minimize student absence caused by exposure to head lice. An infested student is not sick and is not a danger to other students. Excessive and unnecessary absences affect a student's educational progress.
- d) School staff will protect student privacy and maintain confidentiality of medical information when infestations are detected.
- e) School staff will also work to minimize the social stigma that is unfairly attached to victims of head lice infestations. Head lice are not caused by poverty or unsanitary conditions. Students will not be separated from their peers or singled out as infected. All staff will learn proper precautions to prevent further spread of the infestation.

SUBJECT: ACCIDENTS AND MEDICAL EMERGENCIES

Student Emergency Treatment

All staff members of the District are responsible to obtain first aid care for students who are injured or become ill while under school supervision.

In most instances, first aid should be rendered and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgment and care under all circumstances.

The Board encourages all staff members to become qualified to give emergency treatment through instruction in first aid, Cardiopulmonary Resuscitation (CPR), and Automated External Defibrillators (AEDs).

Transporting an Ill or Injured Student

In the event of an illness or injury to a student, an ambulance may be called. The District will make all reasonable attempts to contact a parent or person in parental relation when determining if emergency treatment is necessary.

Insurance

The Board will follow NYS Law for all transportation accidents.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS

Students come to school with diverse medical conditions which may impact their learning as well as their health. Some of these conditions are serious and may be life-threatening. As a result, students, parents, school personnel, and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience. This policy encompasses an array of serious or life-threatening medical conditions such as anaphylaxis, diabetes, seizure disorders, or severe asthma and acute medical conditions. All students within the District with known life-threatening conditions will have a comprehensive plan of care in place: an Emergency Care Plan (ECP) or Individualized Healthcare Plan (IHP) and if appropriate, an Individualized Education Plan (IEP) or Section 504 Plan.

Life-Threatening Conditions

For those students with chronic life-threatening conditions such as diabetes, seizure disorders, asthma, and allergies, the District must work cooperatively with the parent(s) and the healthcare provider(s) to:

- a) Immediately develop an ECP for each at risk student to ensure that all appropriate personnel are aware of the student's potential for a life-threatening reaction;
- b) If appropriate, develop an IHP that includes all necessary treatments, medications, training, and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;
- c) Provide training by licensed medical personnel (e.g., registered professional nurse) for all adults in a supervisory role in the recognition and emergency management of a specific medical condition for specific students;
- d) Obtain specific medical-legal documents duly executed in accordance with New York State law; appropriate health care provider authorization in writing for specific students that includes the frequency and conditions for any testing and/or treatment, symptoms, and treatment of any conditions associated with the health problem; and directions for emergencies;
- e) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he or she works toward self-management;
- f) Allow supervised students to carry life-saving medication in accordance with relevant laws, regulations, and procedures. The District will also encourage parents and students to provide duplicate life-saving medication to be maintained in the health office in the event the self-carrying student misplaces, loses, or forgets their medication;
- g) Assure appropriate and reasonable building accommodations are in place within a reasonable degree of medical certainty.

In addition, the District will:

- a) Provide training for transportation, instructional, food service, or physical education staff, as appropriate, in the recognition of an anaphylactic reaction;
- b) Have standing emergency medical protocols for nursing or other staff;
- c) Request the school physician to write a non-patient specific order for anaphylaxis treatment agents for the school's registered professional nurse or other staff, as designated by the administration and allowed under federal and New York State laws and regulations, to administer in the event of an unanticipated anaphylactic episode;
- d) Maintain or ensure the maintenance of a copy of the standing order(s) and protocol(s) that authorizes them to administer emergency medications such as anaphylactic treatment agents;
- e) Allow the school registered nurse, nurse practitioner, or physician to train unlicensed school personnel to administer emergency epinephrine via auto-injector, or emergency glucagon, to students with both a written provider order and parent or person in parental relation consent during the school day, on school property, and at any school function. Such training will be done in accordance with specifications outlined in the Commissioner's regulations;
- f) Ensure that building-level and District-wide school safety plans include appropriate accommodations for students with life-threatening health conditions.
- g) Encourage families to obtain medic-alert bracelets for at risk students;
- h) Educate students regarding the importance of immediately reporting symptoms of an allergic reaction.

Creating an Allergen-Safe School Environment

The risk of accidental exposure or cross-contamination is always present in school, particularly for students with food allergies. The school setting is a high-risk environment for accidental ingestion of a food allergen due to the presence of a large number of students, increased exposure to food allergens, and cross-contamination of tables, desks, and other surfaces.

SUBJECT: SUICIDE

According to national statistics, suicide is the third leading cause of death among young people. It is the policy of the Board to enact clear guidelines for prevention, intervention and post-intervention of suicide, reflecting the District's concern for this serious mental health issue.

The Board recognizes the need for suicide prevention and will instruct the Superintendent to establish a District crisis intervention team whose responsibility will be to develop a suicide response plan. This plan will be integrated into the existing school safety plan. The plan will include education and awareness of risk factors for youth suicide, procedures for intervening if a student exhibits risk factors, including referral services, and a post intervention plan to help the school and community cope with the aftermath of such a tragic event should it occur.

Suicide prevention will be incorporated into the curriculum to educate students. This will be done in a manner so as not to sensationalize the matter, but to provide students with information and resources on this important mental health issue. The District will also foster interagency cooperation that will enable staff to identify and access appropriate community resources to aid students in times of crisis.

The administration is responsible for informing staff of regulations and procedures of suicide prevention, intervention and post-intervention that have been developed by the District. The District will actively respond to any situation where a student verbally or behaviorally indicates intent to attempt suicide or to do physical harm to himself/herself. Staff training and professional development on suicide and crisis intervention will be made available.

SUBJECT: CONCUSSION MANAGEMENT

The Board recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of District students is a primary concern. As such, the District supports the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI) that occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management.

Concussion Management Team (CMT)

The District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the District. The CMT will oversee and implement the District's concussion policy, including the requirement that all school coaches, physical education teachers, nurses, and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to MTBIs. Furthermore, every CMT may establish and implement a program which provides information on MTBIs to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse, and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities will complete a course of instruction every two years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

Continued

SUBJECT: CONCUSSION MANAGEMENT

The course can be completed by means of instruction approved by State Education Department (SED) which include, but are not limited to, courses provided online and by teleconference. The CMT will utilize the District's existing system to document all required training and professional development for District staff. Upon completion of the training each year, staff will forward their course completion certificate to the appropriate staff for entry into the system. The system will also use an email to remind staff of the need to complete the training each year. Because concussion symptoms may manifest themselves in any setting, all school staff will be encouraged to take the online training and be alert for students who may display or report concussion symptoms.

Information to Parents and Students

The District will include the following information on MTBIs or concussions in any permission or consent form or similar document that may be required from a parent or person in parental relation for a student's participation in interscholastic sports. Similar information will be provided to all students when they sign up for participation in sports and/or through information provided in physical education, health or mental health classes. Information will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website to this list of information from the SED's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of whether the injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

SUBJECT: CONCUSSION MANAGEMENT

The District may allow credentialed District staff to use validated neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion. The District must seek authorization from the parent/guardian prior to the testing. Additionally, parents/guardians should be given a copy of the results upon request.

Return to School Activities and Athletics

The student will not return to physical activity (including athletics, physical education class, and recess) until he or she has been symptom-free for at least 24 hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's regulations, the District's School Physician will give final clearance on a return to activity for extra-class athletics. All authorizations will be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District will follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District will also develop a coordinated communication plan among appropriate staff to ensure that the treating physician's orders for post-concussion management are implemented and followed. The school nurse will work to ensure that all the necessary staff get the information they need to care for and work with the injured student.

The District's School Physician and other licensed healthcare professionals employed by the District will also formulate a procedure and treatment plan to be utilized by District staff who may respond to students or staff with possible concussions during the school day.

In accordance with SED guidelines, this policy will be both reviewed and updated periodically. The Superintendent, in consultation with the District's School Physician and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

SUBJECT: DIGNITY FOR ALL STUDENTS

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. - c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution each school year, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter; and
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

If a DAC vacates his or her position, the District will immediately designate another eligible employee as an interim DAC, pending approval of a successor DAC from the Board within 30 days of the date the position was vacated. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate another eligible employee as an interim DAC, pending the return of the previous individual to the position.

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and/or discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

Internal Reports and Investigations of Harassment, Bullying, and/or Discrimination

All District employees who witness or receive an oral or written report of harassment, bullying, and/or discrimination are required to take action. District employees must make an oral report promptly to the Superintendent/designee, or the Dignity Act Coordinator (DAC) not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination. No later than two school days after making the oral report, the District employee must file a written report with the Superintendent/designee, or the DAC.

The Superintendent/designee, or the DAC will lead or supervise the thorough investigation of all reports of harassment, bullying, and/or discrimination and ensure that all investigations are promptly completed after the receipt of a written report. In investigating any allegation, the investigator may seek the assistance of the District's Civil Rights Compliance Officer in investigating, responding to, and remedying complaints of harassment, bullying, and/or discrimination.

When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the Superintendent/designee, or the DAC will take prompt action, consistent with the District's *Code of Conduct*, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom the behavior was directed.

The Superintendent/designee, or the DAC will promptly notify the appropriate local law enforcement agency when it is believed that any harassment, bullying, and/or discrimination constitutes criminal conduct.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS

The Board affirms its commitment to provide an environment free from sex-based discrimination and sexual harassment, including sexual violence and intimidation. The Board, therefore, prohibits all forms of sexual harassment against students by other students, employees, school volunteers, and non-employees such as contractors and vendors, which occur on school grounds or at school-sponsored events, programs, or activities, including those that take place at locations off school premises.

Sexual Harassment

Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. For the purposes of this policy, sexual harassment also includes sexual violence. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Sexual violence includes, but is not limited to: rape, sexual assault, sexual battery, and sexual coercion.

Sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from students, District employees, or third parties such as visitors or school volunteers.

Prohibited Conduct

Sexual harassment can be verbal, non-verbal, or physical. Examples of such conduct may include, but are not limited to, the following:

- a) Verbal abuse or ridicule, including innuendoes, stories and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.
- b) Direct or indirect threats or bribes for unwanted sexual activity.
- c) Asking or commenting about a person's sexual activities.
- d) Unwelcome and unwanted physical contact of a sexual nature including, but not limited to, physical acts such as assault, impeding or blocking movement, offensive touching, or any physical interference with normal work or movement.
- e) Displaying or distributing pornographic or other sexually explicit materials such as magazines, pictures, internet material, cartoons, etc.
- f) The use of profanity and/or other obscenities that are sexually suggestive or degrading in nature.

- g) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.
- h) Unwelcome and/or offensive public displays of sexual/physical affection.
- i) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.
- j) Demanding sexual favors of a student, insinuating that refusal to acquiesce in such favors will adversely affect a student's grades, references, academic/scholastic placement, and/or participation in extracurricular activities.
- k) Engaging in sexual conduct with an individual who is unable to consent due to his/her age, use of drugs or alcohol, intellectual disability, or other disability.
- l) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Investigation of Complaints and Grievances

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any student who believes he/she has been a victim of sexual harassment in the school environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, should immediately report such alleged harassment. The District recognizes that sexual harassment is a sensitive issue and that students may choose to inform any trusted staff member of suspected discrimination or harassment. Staff members who receive such complaints will immediately inform the Civil Rights Compliance Officer. Where appropriate, the Civil Rights Compliance Officer may seek the assistance of the relevant Dignity Act Coordinator in investigating, responding to, and remedying student complaints of discrimination and/or harassment. In the event that the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated an additional individual to serve in such capacity, or to the Superintendent.

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of sexual harassment and will promptly take appropriate action to protect individuals from further sexual harassment. All such complaints will be handled in a manner consistent with the District's policies, procedures, and/or regulations regarding the investigation of discrimination and harassment complaints, including Policy #3420, Non-Discrimination and Anti-Harassment in the School District, **Policy #3421, Title IX and Sex Discrimination**. Additional information regarding the District's discrimination and harassment complaint and grievance procedures, including but not limited to the designation of the Civil Rights Compliance Officer(s), can be found in Policy #3420.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Complaints of retaliation may be directed to the Civil Rights Compliance Officer. In the event the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated another individual to serve in such a capacity, or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that sexual harassment has not resumed and that all those involved in the investigation of sexual harassment have not suffered retaliation.

SUBJECT: STUDENT GENDER IDENTITY

All students need a safe and supportive educational environment to progress academically and developmentally. The District is committed to fostering a safe learning environment for all students, free from discrimination and harassment on the basis of sex, gender, gender identity, gender nonconformity, and gender expression. In accordance with applicable law, regulations, and guidelines, the District will ensure that students have equal access to all school programs, facilities, and activities. The District will assess and address the specific needs of each student on a case-by-case basis.

Key Terms

Generally, District personnel should use the language that individual students are using to describe their own gender identity, appearance, or behavior. The most commonly used terms are:

Cisgender: a person whose gender identity corresponds to their assigned sex at birth.

Gender: actual or perceived sex, typically with reference to social and cultural differences rather than physiological ones.

Gender expression: the ways a person conveys their gender identity to others, such as through behavior, appearance, clothing, hairstyle, activities, voice, and mannerisms.

Gender identity: a person's inner sense or psychological knowledge of being male, female, neither, or both.

Gender nonconforming (GNC): describes someone whose gender identity or gender expression does not conform to social or stereotypical expectations of a person with that gender assigned at birth. This is also referred to as gender variant or gender atypical.

Transgender: someone whose gender identity is different than their gender assigned at birth.

Transition: the process by which a person socially or physically aligns their gender expression more closely to their gender identity than their assigned sex at birth.

Records

As required by law, the District will maintain the confidentiality of student information and records. If a transgender or GNC student has officially changed his or her name, as demonstrated by court order or birth certificate, the District will change its official and unofficial records, as needed, to reflect the change. The District will maintain records with the student's assigned birth name in a separate, confidential file.

If a transgender or GNC student has not officially changed his or her name, but wishes to be referred to by a different name that corresponds to their gender identity, the District may create or change unofficial records to reflect the name and gender identity that the student consistently asserts at school. On state standardized tests, certain reports to the New York State Education Department, and when necessary to ensure appropriate and coordinated medical care, however, the District will use the student's legal name and

gender. Any student identification cards will be issued with the name reflecting the gender identity the student consistently asserts at school. The District will maintain records with the student's assigned birth name and gender in a separate, confidential file.

Names and Pronouns

When apprised of a student's transgender or GNC status, the District will endeavor to engage the student and his or her parents or guardians, as appropriate, in an effort to agree upon a plan that will accommodate the student's individual needs at school. Transgender and GNC students have the right to discuss and convey their gender identity and expression openly and to decide when, with whom, and how much to share this confidential information. The plan may therefore include when and how to initiate the student's preferred name and associated pronoun use and if, when, and how this is communicated to others. District staff will use the name and pronoun that corresponds to the gender identity the student consistently asserts at school.

Restrooms and Locker Rooms

The District, in accordance with federal and state statute, will allow a transgender or GNC student to use the restroom and locker room that corresponds to the student's consistently expressed gender identity at school. Any student requesting increased privacy or other accommodations when using bathrooms or locker rooms will be provided with a safe and adequate alternative, but they will not be required to use that alternative.

Physical Education and Sports

Physical education is a required part of the District's curriculum. Where these classes are sex-segregated, students will be allowed to participate in a manner consistent with their gender identity. Students will likewise be allowed to participate in intramural activities consistent with their gender identity.

Upon written notification that a transgender or GNC student would like an opportunity to participate in the District's interscholastic athletics program consistent with his or her gender identity, the District will determine his or her eligibility in accordance with applicable law, regulations, and guidelines. The District will confirm the student's asserted gender identity with documentation it considers appropriate from a parent/guardian, counselor, doctor, psychologist, psychiatrist, or other medical professionals. The student's gender identity should be the same as the identity used for District registration and other school purposes.

The District's athletic director will notify opposing team athletic directors or the New York State Public High School Athletic Association if a student needs any accommodations during competitions. Any appeal regarding the District's eligibility decision will be directly to the Commissioner of Education.

Other Activities

Generally, in other circumstances where students may be sex-segregated, such as overnight field trips, students may be permitted to participate in accordance with the gender identity that the student consistently asserts at school. Student privacy concerns will be addressed individually and on a case-by-case basis in accordance with District policy and applicable law, regulations, and guidelines.

Dress Code and Team Uniforms

Transgender or GNC students may dress in accordance with their gender identity or expression, within the parameters of the District's dress code. The District will not restrict students' clothing or appearance on the basis of gender.

The District's dress code applies while its athletes are traveling to and from athletic contests. Athletes will have access to uniforms that are appropriate for their sport.

SUBJECT: NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board of Education supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. This policy is enacted in order to minimize the possibility that the sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District shall cooperate with local police authorities and the local community in promoting and protecting the safety and well-being of its students.

It is the policy of the Board to disseminate all information which the District receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties including, but not limited to, Building Principals, supervisors, teachers, office personnel, coaches, custodians, bus drivers, and security personnel. The Superintendent reserves the right to automatically disseminate such information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents/guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of such data in order to protect the safety of our students.

All staff members shall be informed of the availability of the information received by the District pursuant to Megan's Law upon written request to the applicable Building Principal/designee or supervisor. Community residents shall be notified of the availability of this information, with written requests directed to the District Office. Information shall also be provided to community residents through a link on the District's website to New York State's online Sex Offender Registry.

Staff members shall inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Such law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the District pursuant to Megan's Law may be disclosed or not disclosed by the District in its discretion. Any information which the District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

SUBJECT: NOTIFICATION OF SEX OFFENDERS

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of eighteen (18) or who has been designated a Level 3 sex offender, the court requires that such sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of eighteen (18) while one or more of such persons are present.

However, by exception, a sex offender may enter school grounds or facility with the written authorization of his/her parole officer and the Superintendent for limited authorized purposes. Entrance upon the premises is subject to the following conditions:

- a) The offender is a registered student, participant or employee of the facility;
- b) The offender is an employee of an entity contracted by the facility; or
- c) The offender has a family member enrolled in the facility; or
- d) If the school is the offender's designated polling place and he/she enters solely to vote.

SUBJECT: SUPERVISION OF STUDENTS

Students working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all in school and extracurricular activities as well as sports activities and events. Permission to hold practices or meetings must not be granted unless a teacher or staff member is definitely in charge.

- a) District personnel will be fully responsible for the supervision of all students in either their class or their after school activities.
- b) Coaches are responsible for the supervision of their athletes at all times. This will entail dressing periods, bus duty, and ensuring students have transportation home.
- c) Teachers and/or assigned school personnel in the elementary grades will be responsible for the playground supervision of all the children under their jurisdiction during the recess periods and before the regular afternoon sessions. The Principal will distribute the responsibility so that the playground situation will be properly controlled.
- d) Students are not to be sent on any type of errand away from the building.
- e) All teachers and staff working directly with students who have a history of wandering or elopement (i.e., the act of a student who leaves or runs away from the premises without permission or notification, often referring to students who have autism spectrum disorder or diminished cognitive impairment) will be made aware of these concerns and of any existing behavioral intervention plan formulated to prevent or respond to instances of wandering or elopement.

Volunteer Chaperones

The Board recognizes that the use of volunteer chaperones for school sponsored events or activities can provide important support for the District. Volunteer chaperones, therefore, shall be unpaid adults whose responsibility it is to assist the advisor of the event in seeing to the safety and conduct of the students during the duration of the activity.

Volunteer chaperones shall be selected on the basis of their ability to assist with the supervision of students, and their ability to contribute to the group's activities.
